The Games Room

We've opened a Games Room in the Water Sphere. There will be a few games for you to try out all weekend - card games & board games mostly - and at times people will come in and show off their favourite games for an hour or two. Check the whiteboard for what games will be around at what times, and chat to Tamaly, the games room coordinator, or the people at the information desk if you've got something you'd like to demonstrate.
